EDUCATION

- Doctor of Philosophy (Ph.D.), Iowa State University, Ames, IA, United States 2015–2022
- Major: Education (Curriculum & Instructional Technology) | Co-Major: Human Computer Interaction
 - Dissertation Title: Designing and examining an online graduate class in instructional design: A community of practice approach
 - Committee: Denise Schmidt-Crawford, Constance Hargrave, Eunjin Bahng, Evrim Baran, Stephen Gilbert
- Graduate Certificate, Iowa State University, Ames, IA, United States 2015–2016
- Major: Instructional Design
- Master of Education (M.Ed.), University of Toronto, Toronto, ON, Canada 2012–2014
- Major: Curriculum Studies and Teacher Development
- Bachelor of Arts (B.A.), Beijing Normal University, Beijing, China 2007–2012
- Major: Chinese Language and Literature; Minor: International Economics and Trade
- Non-Degree Exchange Student, The Chinese University of Hong Kong 2010
- Major: International Asian Studies Programme

PROFESSIONAL EXPERIENCE

- Assistant Director of Instructional Innovation & Project Management, UNT Health at Fort Worth Dec 2023–Present
- Apply doctoral-level expertise in instructional design and learning theory to serve as institutional thought leader on innovations in teaching, learning, educational technology, and project management
 - Direct multi-phase instructional development projects by collaborating with instructional designers to establish project goals, monitor progress, and ensure timely delivery of evidence-based, high-quality instructional materials
 - Lead the systematic collection and analysis of instructional design productivity and learner outcome data, translating findings into strategic reports that inform institutional decision-making
 - Provide research-informed recommendations for improving instructional design processes and quality standards, drawing on advanced knowledge of instructional systems design frameworks and scholarly literature
 - Pursue and develop grant proposals, conference submissions, and award nominations that advance and disseminate scholarly knowledge at the intersection of instructional design and project management
 - Mentor and coach instructional designers at multiple career stages, providing expert guidance on design practice, workflow optimization, and professional development grounded in advanced disciplinary knowledge

Senior Instructional Designer, Division of Academic Innovation, UNT Health at Fort Worth Mar 2022–Nov 2023

- Served as lead instructional designer and project manager, applying advanced instructional systems design methodology to execute end-to-end analysis, design, and development processes for complex educational projects
- Designed and facilitated professional development programs for faculty and staff on evidence-based course design, pedagogical strategies, and the purposeful integration of educational technology tools
- Collaborated with course directors and subject matter experts to conduct systematic instructional analyses, identifying improvements to teaching strategies, learning activities, content organization, and assessment design
- Led formal and informal Quality Matters (QM) course review processes as a certified QM Coordinator, applying specialized rubric-based evaluation frameworks to ensure graduate-level online course quality
- Applied advanced knowledge of universal design for learning (UDL) principles and accessibility standards to revise and align course materials with current best practices for inclusive instructional design

Instructional Designer, Division of Academic Innovation, UNT Health at Fort Worth Feb 2021–Feb 2022

- Partnered with faculty to design and develop courses aligned with QM Higher Education Rubric standards, ensuring compliance with accessibility, copyright, and evidence-based instructional design requirements
- Conducted systematic front-end analyses including audience characteristics, technical environment, and organizational factors to determine optimal instructional strategies and delivery technologies
- Applied advanced knowledge of learning theory and instructional technology to select and implement appropriate design strategies and media formats aligned with measurable learning objectives
- Designed and facilitated faculty and staff development sessions in both online and face-to-face formats, translating instructional design research into actionable professional learning experiences

Online Learning Experience Designer, Southern Methodist University, Dallas, TX Jan 2020–Jan 2021

- Collaborated with faculty to design innovative, research-informed learning solutions and accessible instructional materials for graduate-level for-credit courses and continuing education certification programs
- Advised faculty on the development of measurable learning objectives and the purposeful selection of instructional technologies and pedagogical strategies aligned with evidence-based online learning principles
- Managed the planning and production of multimedia instructional assets, coordinating cross-functional stakeholders and maintaining transparent communication regarding project milestones, timelines, and risk factors
- Designed and facilitated in-person and virtual professional development sessions on online teaching best practices, translating current research in instructional technology into actionable faculty learning experiences

Instructional Designer, Academic Partnerships, Dallas, TX Jan–Nov 2019

- Served as a scholarly thought partner for faculty, applying advanced instructional design knowledge to support the development of online courses while managing projects to meet rigorous timelines and quality standards
- Provided multi-tiered instructional design consultation spanning program-level curriculum architecture, course structure design, and hands-on faculty coaching and training
- Conducted systematic quality reviews using QM Higher Education Rubric standards, delivering evidence-based revision recommendations to continuously improve course quality and learner outcomes
- Coordinated end-to-end multimedia production workflows in collaboration with multimedia producers and quality assurance teams, ensuring instructional integrity and technical quality of all learning assets

Instructional Designer (Part-Time), Engineering LAS Online, Iowa State University, Ames, IA May 2015–Dec 2018

- Provided expert instructional design consultation and technical support to faculty across the College of Engineering and College of Liberal Arts and Sciences, guiding the design of effective online learning experiences

- Collaborated with faculty on the systematic design, development, and evaluation of online and blended courses, applying evidence-based instructional design frameworks to diverse disciplinary contexts
- Evaluated online and blended course quality and delivering actionable faculty recommendations on educational technology integration, digital accessibility compliance, and copyright best practices

Online Instructor (Part-Time), School of Education, Iowa State University, Ames, IA Aug 2017–May 2019

- Designed and taught two graduate-level online courses in the School of Education, applying doctoral-level expertise in instructional design and digital learning to create rigorous, learner-centered educational experiences:
- *C I 454: Emerging Topics in Digital Learning* (Section 2, Fall 2017 & Fall 2018)
- *C I 503: Designing Effective Learning Environments* (Co-Instructor, Spring 2019)

Research Assistant (Part-Time), School of Education, Iowa State University, Ames, IA Jan 2015–Aug 2016

- Contributed to a formal program evaluation study: *Evaluation of an Online Graduate Program in Seed Technology & Business* (Supervisor: Dr. Ana-Paula Correia)
- Supported all phases of the research process, including data collection, qualitative and quantitative data analysis, and co-authoring of the evaluation report

Research Assistant (Part-Time), School of Education, Iowa State University, Ames, IA Jan–May 2015

- Contributed to an empirical research study: *Exploration of Teachers' Use of the Technology Integration Planning Cycle* (Supervisor: Dr. Amy Hutchinson)
- Assisted with data collection, interview transcription, and preparation of scholarly manuscript for publication

Social Science Intern (Full-time), United Nations Secretariat, New York, NY Jun–Sept 2014

- Supported public information, conference management, and multimedia publication initiatives within the Civil Society & Outreach Unit, Department of Economic and Social Affairs
- Conducted independent research and drafted position papers on social and economic policy issues, contributing to the department's outreach and knowledge dissemination mission

Research Assistant (Part-time), OISE/University of Toronto, Toronto, ON Sept 2013–Apr 2014

- Contributed to an international comparative education research project: *Reciprocal Learning in Teacher Education and School Education* (Supervisor: Dr. Michael Connelly)
- Organized and coordinated a subsidiary program component, and supported data collection and interview transcription activities

Teaching Assistant (Part-time), University of Toronto, Toronto, ON Sept 2012–Dec 2013

- Supported instruction across four undergraduate courses in the Department of Management, providing academic guidance and formative feedback to support student learning
- Evaluated student assignments and held regular office hours to reinforce course concepts and address student questions
